EXPERIENCE

PAY. - SENIOR FRONT-END DEVELOPER

Sep 2022 – Current

At Pay, I'm developing a design system with micro front-ends for a maintainable setup, enabling quick, flexible front-end modifications, including admin portals, registration flows, and checkout screens.

IO - FRONT-END DEVELOPMENT CONSULTANT

Oct 2018 – Aug 2022 (3 yrs 11 mos)

At iO Rotterdam, I focused on enhancing consistency and implementation of design systems. My role involved refining durable component libraries to drive client results through development and other activities.

ENECO - FRONT-END DEVELOPER / TECH LEAD

Oct 2018 – May 2022 (3 yrs 8 mos)

As a front-end developer and tech lead at Eneco (contracted via iO), I acted as the product owner's technical ally, focusing on UI development for customer self-service features.

ACATO - SQUAD LEAD / LEAD FRONT-END DEVELOPER

Mar 2016 – Aug 2018 (2 yrs 6 mos)

At Acato, I focused on front-end product quality to ensure the company excelled in delivering exceptional user experiences across websites, apps, and other environments.

BIJZONDER PLEKJE – FREELANCE FRONT-END DEVELOPER

Jun 2010 – Mar 2016 (5 yrs 10 mos)

At Bijzonder Plekje, I focused on online strategy, web development, and enhancing website performance for higher conversion rates and increased online visibility.

INNOVATIO - FRONT-END DEVELOPMENT INTERN

Feb 2011 – Jul 2011 (6 mos)

At Innovatio, I bridged design and development, converting graphics into HTML, CSS, and JavaScript while contributing to JavaScript prototypes for various proof of concepts.
